## Notice of Capital Credit Allocation!

Venture Communications is proud to announce the approval of a \$9,740,886.00 capital credit allocation for the year 2021. The allocation was distributed among members who had services with the cooperative in 2021. Allocation statements were printed on the May 2022 billing statement.

Statements were mailed to all members who no longer have service with Venture Communications. The allocation amount cannot be applied as a credit to your Venture bill and is not payable at this time. Cash payment of credits will be made only when a general retirement is distributed to the whole membership or to an estate.

### Please keep us informed:
